

Installation TIPS: 24" Sharp Microwave Drawer® in 24" wide stock cabinet

For face frame style cabinets

* Please refer to the installation manual for more information regarding product safety and proper installation procedures and requirements.

PLANNING

Example Shown:

- Base Microwave Cabinet 34 1/2" H with Deep Bottom Drawer.
- Design and availability vary by cabinet manufacturer.
- Installation requires a pre-finished filler.

*From floor to top of bottom drawer/doors: 18 5/16" max.

*Dimension allows for 1/4" gap between the Microwave Drawer and the countertop and 1/2" gap between the bottom of the Microwave Drawer and the top of the lower drawer/door.

1

Add horizontal filler to the top of the opening. Height of opening should be 14 13/16".

2

Enlarge opening width to clear the Microwave Drawer body.

3

Allow space around opening for product overlap.

4

Place electrical outlet in upper back left side in the cavity opening. Can also be installed using an electrical outlet in an adjacent cabinet. Always check electrical codes for requirements.

5

Proceed to the installation manual for instructions on installing the Microwave Drawer into the cabinet.

Completed installation

SHARP

Installation TIPS: 24" Sharp Microwave Drawer® in 24" wide stock cabinet

For face frame style cabinets

* Please refer to the installation manual for more information regarding product safety and proper installation procedures and requirements.

Cabinet cutout specification

* Can also be installed using an electrical outlet in an adjacent cabinet within the area where the provided electrical cord can reach. Power cord access hole in cabinet should be a minimum 1 1/2" diameter hole and deburred of all sharp edges.

IMPORTANT Always allow sufficient power cord length to the electrical outlet to prevent tension.

Always check electrical codes for requirements.

Installation TIPS: 24" Sharp Microwave Drawer® in 24" wide stock cabinet

For frameless style cabinets

* Please refer to the installation manual for more information regarding product safety and proper installation procedures and requirements.

PLANNING

Example Shown:

- Base Microwave Cabinet 34 1/2" H with Deep Bottom Drawer.
- Design and availability vary by cabinet manufacturer.
- Installation requires a pre-finished filler.

*From floor to top of bottom drawer/door: 18 5/16" max

*Dimension allows for 1/4" gap between the Microwave Drawer and the countertop and 1/2" gap between the bottom of the Microwave Drawer and the top of the lower drawer/door.

1

Cabinet floor may need to be raised to allow for product overlap and space above drawer.

2

Add horizontal filler to the top of the opening. Height of opening should be 14 13/16".

3

Opening width needed to clear the Microwave Drawer body is 22 1/8".

4

Allow space around opening for product overlap.

5

Place electrical outlet in upper-back left side of opening. Electrical outlet can also be placed in an adjacent cabinet. Always check electrical codes for requirements. Proceed to Installation Instructions to install Drawer into cabinet.
